Message To Renegades

When The Solent Renegades was started 10 years ago I thought, wouldn't it be cool to have a club where you could meet like minded enthusiasts that wouldn't cost anything to join.

So I started putting the word about to see if we could generate any interest and if it was possible to run a club with no membership fee or subs. Where by we could encourage people to join who were looking for a club that was enjoyable, fun, stress free, where we could drive our cars as much as possible and attend shows as a group of enthusiasts and make new friends.

It didn't take too long to find a few members. It was slow to start with myself, Paul, Dan and Martin at the helm and 10 superb years later, here we are. A club bigger than I ever imagined with members who have become great friends enjoying themselves.

I would like to remind everyone to enjoy themselves and appreciate the Ethos of our car club and have some fun.
